

S6000 Series

Electrified Architectural Exit Devices

SDC's S6000 series devices are designed for a modern look and quiet push pad operation, are panic or fire rated exit and are available in rim, SVR, or mortise configurations.

SDC Spectra™

- Electrified architectural design
- Panic or fire rated devices
- Durable stainless steel construction, corrosion resistant
- High traffic use
- Several electrified options to complement any access control application

7200 Series

Solenoid Controlled Cylindrical Locks

SDC's 7200 series solenoid controlled cylindrical locks are designed for access control of openings where code compliance, dependable operation and resistance to physical abuse are required.

SDC Electra™

- Heavy duty cylindrical design
- New or retrofit construction
- Vandal resistant clutch
- Field selectable dual voltage
- Latch status (LS) standard, REX optional
- Trim options available

45 Series

5/8" Latchbolt Electric Strikes

SDC's 45 series strikes are centerline latch entry strikes designed for use with cylindrical locksets and mortise locksets without deadbolt for both metal and wood frames.

SDC UniFLEX™

- Interchangeable faceplate design
- Multi-application strike kits
- Low profile and fewer moving parts
- Horizontal alignment adjustment
- Mounting tabs included
- Latch status (LS) standard

918 Series

Indoor Digital Keypads

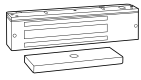

SDC's self-contained digital keypads are designed to control a single access point up to 500 users. All EntryCheck® keypads are uniform keyboard programmable for convenience.

SDC EntryCheck™

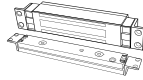

- Uniform keypad features
- Keypad programmable
- Tactile keys with selectable audible levels
- Thick stainless steel single gang faceplate
- Faceplate finish alternatives available
- Wiegand output model available
